A City Council Meeting is the process of making and amending laws, developing policy and making decisions. Governing your City by citizens elected by you.

The Council follows a regular order of business in the conduct of its meetings. The agenda is prepared in advance and subjects on it usually have been investigated by the City Manager or a Department Head, so that the Council can have all available facts. Copies of the agenda are available at City Hall.

Business presented to the Council is disposed of by one of the following methods:

1. **Communications:** A motion is ordinarily used to indicate majority approval of a procedural action
2. **Public Hearing:** This gives the public audience an opportunity to make comments upon a particular subject that the Council is considering
3. **Resolution:** A resolution may be passed to approve contracts, to express the policy of the Council, or to direct certain types of administration action. It requires only one reading before Council action may be voted upon by a roll call or voice vote.
4. **Ordinances:** An ordinance is a "legislative act" having the force of law. An ordinance becomes a law:
 - immediately upon passage if it is determined to be an emergency to public health, safety, or welfare
 - on the effective date specified in the ordinance, or 30 days following adoption of the ordinance, whichever is later.
